A Bending Company Pty Ltd is a dynamic mid-sized 'build to print' engineering company specializing in structural tube, pipe and section components, formed and fabricated to customers' standards.

## Summary

Developing into one of Australia's most respected, innovative suppliers of Industrial Engineered products, ABeCK Group brings together two vibrant, energetic companies with proven track records of delivering customer satisfaction.

Founded in 1991, A Bending Company is a dynamic mid-sized 'build to print' engineering company specializing in structural tube, pipe and section components, formed and fabricated to customers' standards. Established in response to a marketplace demanding a higher level of service throughout industry, A Bending Company have achieved a

significant market share due to its ability to listen and respond to the needs of customers.

Since 2004, Kazed Industrial Solutions have expanded from the original modular handrail fittings concept into a portfolio of diverse safety & labour saving solutions for industry. Kazed has rapidly grown to become the supplier of choice for many of the leading Australian construction, infrastructure & manufacturing companies.

## Description

A Bending Company Pty Ltd is a dynamic mid-sized 'build to print' engineering company specializing in structural tube, pipe and section components, formed and fabricated to customers' standards.

Key Points:

- ISO 9001 Accreditation
- Defence accredited supplier
- Multi-level manufacturing in house:
- Steel Cutting
- Tube & Pipe Bending
- Section rolling
- Coded Welding - ASME IX, AS1554.1 SP & GP
- Fabrication
- Outsourced Finishing: NACE certified painting, Galvanising, Zinc Plating, Powder Coating

Industry Sectors Serviced:

- Commercial & Industrial Infrastructure
- Offshore Oil & Gas

- Mining & Resources
- Water Utilities
- Power Generation

Kazed Industrial Solutions is Australia's leading distributor of Modular Pipe fittings which can be found in a vast range of applications such as Guard railings, Safety barriers, Handrails, Balustrades, Racking and Roof Edge Protection to name a few.

Since establishment, the company has supplied professional engineering products and services to a wide variety of clients throughout Australia. Our products can be found in many diverse industry sectors such as Mining, Building & Construction, Transportation, Ship Building, Defence, Offshore Platforms, Power Generation and Water Utilities among others.

Kazed have become widely known for its willingness to take on the most challenging work and delivering results for their customers. With a strong customer focus and commitment

develop an extensive range of equipment and techniques to stay at the cutting edge of industry solutions.

Key points:

- Australia wide distributor of Slip-on pipe fittings
- Industrial Handrail Systems
- Offshore Handrail Systems
- Architectural Handrail Systems
- Australian wide distribution
- Bicycle Parking Racks
- Modular Trolley Bays
- Street Furniture
- Ergonomic Trolleys
- Steel Grating
- Walkway Mesh

ABeCK Group, is a preferred supplier of modular handrails to a number of offshore platforms. Kazed Industrial Solutions have supplied many unusual projects for a range of clients who need to deliver results, contain costs and maintain the highest quality standards.

In addition to fabricated structural steel products, ABeCK Group are the East Coast distributors for FRP Engineering and can supply a variety of FRP products such as: FRP grating, FRP structures, FRP cable tray and cable ladders, FRP handrails, FRP stair treads, FRP access ladders, FRP pipe Grating

## Associations

- > South East Melbourne Manufacturing Alliance
- > Australian Steel Institute (A Bending Company)

---

## Products & Services

- > Modular handrails & Monowills handrails (Webforge style)
- > Welded grating, platforms &
- > industrial engineered products to 5T capacity
- > Pipe Coils & pipe spools
- > Mandrel bending, tube bending & section rolling
- > Welding to ASME IX & AS1554.1 SP & GP
- > Safety barriers & guard rails

---

## Accreditations

- > ISO9001
- > Australian Made
- > Defence Recognized Supplier
- > Pre-Qualified welding to ASME IX & AS1554.1 SP & GP

## Industries Served

- > Defence
- > Manufacturing
- > Construction & Engineering
- > Rail
- > Steel
- > Mining
- > Oil, Gas & Energy
- > Water
- > Automotive

---

## Major Clients

- > Melbourne Water (Eastern Treatment Plant)
- > South East Water
- > Apache Energy
- > UGL-Kaefer
- > Woodside Energy
- > ACT Electricity & Water Board
- > EXXON-Mobil (2nd & 3rd tier)
- > UGL Rail
- > Downer Rail
- > General Dynamics Land Systems
- > Monadelphous (Wheatstone Project)
- > Conoco-Phillips

## Facilities

- > Mandrel Bending
- > CNC Tube & Pipe Bending
- > Section Rolling
- > Pipe Spooling
- > Coded Welding & Fabrication to ASME IX and AS 1450  
SP & GP
- > Automatic Cutting
- > 3000 SM facility inc. 5 tonne overhead crane

## Previous Significant Projects

01 Apr 12

Exxon-mobil Png Lpg Plant

\$250,000

**Client: Kentz**

Supply of modular handrail systems

---

01 Jul 96

Aslav Vehicles

\$1,000,000

**Client: General Dynamics Land Systems**

Ongoing supply of pipe & tube components for Military Assault vehicles

---

01 Apr 12

Melbourne Treatment Plant Upgrade

\$500,000

**Client: Melbourne Water/tank Industries**

Supply of modular handrail systems

---

01 May 13

Wheatstone Lng Plant (chevron)

\$250,000

**Client: Monadelphous**

Supply of modular handrail systems

---

01 Sep 11

Bass Strait Maintenance Activity

\$2,000,000

**Client: Ugl-kaefer / Esso**

Supply of grating, handrails and structural steel components
